

Criminal Justice Coordinating Council Meeting Agenda
Thursday, October 13, 2022
12:00 p.m. – 1:00 p.m.

1. Welcoming Remarks & Introductions -- Mayor Scott
2. CJCC Dashboard Review-- Ariel Liddell
 - Progress on Workgroup Projects
 - IPVstat will be published 10/14/22-this aids in supporting the work of the DV workgroup
 - Secretary Robert. L. Green has suggested connecting with Commissioner Dionne Randolph and Director Robert Weisengoff to support the Pre-trial workgroup
3. Public Accountability Dashboard Review – Joseph Muhlhausen & Darren O'Brien
 - Discussion of Available Data and Issues of Accuracy
 - Dashboard reflects what BPD considers a victim
 - Does the number reflect when an incident is not really an incident? Ex. Domestic, assault, robbery
 - BPD internal system will update when this happens. Open Baltimore updates weekly so I may not reflect changes immediately
 - What will be the data source for the dashboard?
 - Council is leaning towards Open Baltimore
 - Arrest: is it by cc number?
 - Yes. At this time the dashboard will only include BPD arrest. Arrest outside of BPD will be on later versions as dashboard will be a living document.
 - Arrest location is not on the map
 - Sentencing: Is it what the person was given in total?
 - Still working on how to define it
 - Suggestion: 10yrs-5yrs-180 days
 - Not all information will be of interest to everyone. Community members will want to know what is happening in their neighborhoods. Philanthropic organizations may want to use information when determining donations.

- Suggestion: option to change view on dashboard based on how you identify (community member, philanthropist, etc.)
 - Data request: because folks may only want to request more information after viewing the dashboard, will there be someone to field those requests?
 - No, there is not capacity for that at this time.
- 4. Open Forum: Updates from Principal Members
 - No updates
- 5. Closing Remarks & Adjournment – Mayor Scott
